

Since 1929, Nawakwa has provided Lutheran outdoor ministry and leadership training on a 115 acre site near Arendtsville. In 2008, the Lutheran Camping Corporation of Central Pennsylvania purchased 221 acres bordering Nawakwa's perimeter.

This is beautiful property - woodlands, farm fields, gently rolling hills, wetlands, open meadows, a small pond, and an attractive stream. This addition wonderfully enhances the original setting, surrounding all of Upper Camp and includes the fields beside the Lower Camp athletic fields and the hillside behind Cabin Row. Trails have been established, new campsites have been cleared, and 2009 summer campers explored the new land with stream studies, hiking, cookouts and sleepouts. Young and old have had new occasions to discuss God's bountiful creation and our stewardship responsibilities.

The LCC launched the "**IMAGINE...Campaign**" to pay off the 25 year mortgage ahead of time to minimize debt service costs and permit Nawakwa's summer camp and year-round retreat ministry to continue serving with normal operating funds.

Many congregations have included the campaign in their annual budget. In addition, individual and families are encouraged to make personal pledges/gifts for this exciting new resource for Lutheran outdoor ministry. Response envelopes are available for pledges over several years, as well as one-time gifts.

The additional land has added a new level of excitement at Nawakwa. Thank you for your past support of outdoor ministry. Together through the **IMAGINE...Campaign** we can strengthen that service for future generations in central Pennsylvania.

(Check our website at www.lutherancamping.org for campaign video, Q&A, pictures of the new land, and updates on campaign progress.)

Over the past 80 years, Nawakwa's campers have grown and the programs have changed, but one constant remains: God continues to work in and through this holy place. Perhaps you or your child have been blessed to spend time at Nawakwa. If so, you know the powerful influence this special place can have on your faith and your view of the world.

Compared to other camps, Nawakwa previously had a low ratio of land per camper, which limited the development of certain programs. Now we have added 221 acres, tripling our size. Our "camp-in-the-woods" has been enhanced with new hiking trails, new campsites for cookouts and sleepouts, new access to a year-round stream to wade and to study, and new occasions to reflect on God's bountiful creation and our stewardship responsibilities.

We are now in the midst of a capital campaign to pay off the 25 year mortgage ahead of time to minimize debt service costs and to permit Nawakwa's summer camp and year-round retreat ministry to continue serving with normal operating funds.

Do you want to befriend a child or encourage an adult who needs a new perspective on life? You can do this by supporting the IMAGINE... Campaign. Please join us in helping God's work to grow and flourish in Central Pennsylvania.
